

ECLIPSE Entertainment

by Isabella, Evgenia, Liz, Chiara, and Olivia

Our idea

What we are doing is making album covers. We are making the covers by taking pictures, drawings etc. We are putting the text in different fonts and shapes to create the 'be the movement' in our album covers.

Our inspiration

- We got our inspiration by random things as album covers. Such as 'Thirty Seconds Over Winterland' by Jefferson Airplane, Mono by RM and NEVERMIND by Nirvana

Question for you

What's the most random thing that you think could be an album cover?
