Grand Opening

- Welcome to the very start of a newly developed business; Pumpkin Energy. Since today is launch day, we have created some delicious one-of-a-kind drinks!

Spicy Drink

- The first drink being featured today is the Spicy Energy Drink. Never heard of it? Give it a try because you'll never find anything else like it. It'll leave you begging for more!

Sour Apple

- If you're one of the people who's into sour things, this is the one for you. If you think you can handle a sour taste, try this one. The overwhelming sourness is what makes this drink special.

Natural Plant-Based Drink

- This drink is pretty straight forward to the name. All ingredients are plant based, also don't ask me how an energy drink can be plant based but here it is. Perfect if your supposedly going on a nature walk.

Iced

- Iced is a flavour I am sure everyone will love. Whether it's the middle of winter or summer the drink will never lose its energy. A nice cold drink, but also the enriching flavour makes it stand out among all the newly released drinks. Be sure to try it!

Mixed Berry

- Of course, the standard berry drink. You can never go wrong with this one, it is a fan favourite after all. It's like drinking a berry punch but ours is much better with the secret ingredient we put inside. Definitely purchase this drink if you feel like having a casual day.
