How to do small ballet jumps by Eliana Murray

You start by putting your feet together like a pizza slice.

Then you squat with your feet still together.

After, you jump with your feet pointed in the air.
Finally you land with your feet apart like a pizza slice.

Tu commences avec tes pieds ensemble comme une tranche de pizza.

Après tu accroupis avec tes pieds toujours ensemble.

Ensuite tu dois sauter avec tes pieds pointues dans l'air.

Et quand tu atterris, tes pieds doivent être à part comme une tranche de pizza encore.

CANADIENS

MONTREAL
CANADIENS
ESTD 1909

14

It all started back on December 4, 1909. It was founded by John Ambrose O'Brien. Back then, the Canadiens were not called the Montreal Canadiens, they were actually called Le Club de hockey Canadien. The Canadiens were the first National Hockey Association team to be created!

One month later, they played their first game against Cobalt. Their coach, Jack Laviolette, led them to victory 7-6 in overtime. Six years later, le Club de hockey Canadien won their first Stanley cup with coach Newsy Lalonde. One year later, the Club de hockey Canadien decided to leave the NHA to help create the National Hockey League (NHL).

15

Trois années plus tard, la Ligue Nationale de Hockey est créée. Ils sont allés à la finale mais c'était annulé à cause de la grippe espagnole! Après beaucoup d'années, les 6 originaux furent créés. Les 6 originaux sont 6 équipes qui sont les plus vieilles de toutes les équipes, même maintenant. Les 6 originaux sont les Boston Bruins, Canadiens de Montréal, Rangers New York, Chicago Blackhawks, Red Wings de Detroit et Maple Leafs de Toronto.

La façon dont le LNH marche est que chaque couple d'années, ils ajoutent des équipes différentes comme les Pittsburgh Penguins et les Saint Louis Blues. Maintenant les Canadiens ont 24 coupes Stanley et maintenant il y a 32 équipes dans la LNH.

C'est le début des Canadiens de Montréal !!!
